Hillside Campus
Self-Guided Tour
ArtCenter opened in 1930 under the creative direction and leadership of Edward A. “Tink” Adams, an advertising professional with a radical idea in education: to teach real-world skills to artists and designers and prepare them for leadership roles in advertising, publishing and industrial design. To achieve that, he would create a faculty of working professionals from those fields.

Our original campus was in a courtyard of buildings on West Seventh Street in Los Angeles, a site sufficient for ArtCenter’s then 12 teachers and eight students. By 1940, enrollment had grown to nearly 500 students representing 37 states and several foreign countries.
HILLSIDE CAMPUS

Located on 165 wooded acres in Pasadena, Hillside Campus has been home to ArtCenter since 1976. The main building is a dramatic modernist steel-and-glass bridge structure spanning an arroyo in the San Rafael Hills, just above the Rose Bowl. Designed by Craig Ellwood Associates, it has been designated a local historic landmark by the City of Pasadena.

In addition to administrative offices, Hillside Campus houses many of ArtCenter’s undergraduate programs, as well as its Graduate Environmental Design, Graduate Film, Graduate Industrial Design and Graduate Transportation Systems and Design programs.
**STUDENT GALLERY**

**UNDERGRADUATE DEGREES**

**Advertising**

Create smart, engaging ads by forging human connections with brands.

**Film**

Master visual and narrative film making through individualized and immersive instruction in cinematography directing, writing, and editing.

**Entertainment Design**

Entertainment designers bring stories to life by creating conceptual worlds, memorable animated characters and immersive gaming experiences.

**Fine Art**

Refine and define a compelling creative vision to become a fine artist capable of transforming our way of engaging with the world.

**Graphic Design**

Conquer design for space, motion, print and interaction by infusing words and images with life and meaning.

**Environmental Design**

Design resonant spaces and spatial experiences that impact and inform the user’s relationship to the built environment.
STUDENT GALLERY
UNDERGRADUATE DEGREES

Illustration
Combine drawing, painting and design to tell stories, convey ideas or create imagery for commercial applications and clients.

Interaction Design
Design innovative, useful and delightful digital interactions from mobile apps and websites to wearables, games and emerging technologies.

Photography and Imaging
Master the art of creating resonant photographic images for a world with an insatiable need to be informed and engaged by visual storytelling.

Product Design
Apply human-centered design to creating innovative consumer products, from the highly functional to the highly whimsical to the highly sustainable.

Transportation Design
Design and develop vehicles (including cars, trucks, motorcycles, boats and aircraft) and transportation systems of the future.
Discover the freedom, support and expertise to become any kind of artist you can imagine.

Design and define the future of our living environment rather than merely following trends.

Redefine the existing media landscape with visually innovative, narratively engaging personal filmmaking.

Create change through the practice of graphic design by following a simple path in pursuit of great ideas.

Develop design solutions to today’s most complex and unstructured problems in business, enterprise and social innovation.

Apply new ideas from design, science, technology and culture to impact social issues in a global context.

Develop compelling, sustainable and viable transportation and mobility solutions for an inspired future.
CAMPUS RESOURCES & FACILITIES

Our facilities and resources provide students with a limitless array of learning opportunities. Studios, workspaces, editing bays, photo and computer labs provide our students with a host of creative tools, including 3D rapid modeling, CNC machines, modeling facilities and rapid prototyping technologies.

Ellwood Building Locations

1. Hillside Student Gallery
2. Transportation Project Studio
3. The Shops at Hillside
4. Hyundai/Kia Innovation Lab
5. Color, Materials and Trends Exploration Laboratory (CMTEL)
6. Music Recording Room
7. Computer Labs (PC/MAC)
8. Prop Room
9. Film Post-Production Rooms
10. Photography Labs
11. Equipment Center
12. Film and Photography Sound Stages
13. Ahmanson Auditorium
14. Entertainment Design Classrooms
15. Hillside Café & Micro Market
16. Copy Center
17. Student Store
18. The Writing Center
19. Center for Student Experience (CSE)
20. ArtCenter Library
21. Keith Haring Mural
22. Career and Professional Development (CPD)
23. Designmatters
24. Center for Diversity, Equity & Inclusion (DEI)

<th>Campus Resource/Facility</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Hillside Student Gallery</strong></td>
<td>Features a rotating selection of student projects curated by department chairs at the end of each term.</td>
</tr>
<tr>
<td><strong>Transportation Project Studio</strong></td>
<td>Dedicated studio for upper term Transportation Design students.</td>
</tr>
<tr>
<td><strong>The Shops at Hillside</strong></td>
<td>Rapid prototyping labs feature professional equipment including 3D printing, laser cutting, wood working and metal fabrication.</td>
</tr>
<tr>
<td><strong>Hyundai/Kia Innovation Lab</strong></td>
<td>Students use the lab to investigate human experience as it pertains to vehicles and mobility.</td>
</tr>
<tr>
<td><strong>Color, Materials and Trends Exploration Laboratory (CMTEL)</strong></td>
<td>The CMTEL allows industrial design students the opportunity to research and explore new material options when designing.</td>
</tr>
<tr>
<td><strong>Music Recording Room</strong></td>
<td>The Music Recording Room is used to score student films, featuring an acoustically optimized room and runs Pro Tools software.</td>
</tr>

CAMPUS RESOURCES & FACILITIES

Computer Labs (PC/MAC) - Student lab access with software such as Solidworks, Maya, Rhino, Alias, AVID, Premiere, Smoke, Flame, and the Adobe Creative Suite.

Photography Labs - State-of-the-art photography processing facilities include B&W, color and digital imaging labs, enabling students to produce gallery-quality images.

Prop Room - The Prop Room helps bring the images and ideas of our visual artists to life.

Equipment Center - A Rental facility providing access to the latest audio-visual gear, from camera and lens packages to lighting and sound equipment.

Film Post-Production Rooms - Featuring Avid Media Composer and Adobe Premiere, including advanced editing rooms with dedicated Foley and ADR.

Film and Photography Sound Stages - Two fully equipped 4,600-square foot stages provide ample space to shoot any type of project, from staged photo shoots to automotive commercial staging.
Ahmanson Auditorium

Seating 428 people, the Ahmanson Auditorium is our major lecture hall for classes and guest speakers, featuring state of the art audio and visual capabilities.

Copy Center

Students can make B&W or color copies as well as large scale prints.

Entertainment Design Classrooms

Multiple studio spaces, including dedicated work and storage space for students, enabling them to work on both two and 3D projects.

Student Store

An authorized Apple campus store, ArtCenter’s Student Store sells textbooks, art supplies and apparel.

Hillside Café & Micro Market

Café open for breakfast, lunch and dinner. The Micro Market is open 24-hours a day, featuring a self-serve kiosk that accepts credit cards.

The Writing Center

At the Writing Center student tutors provide free one-on-one assistance to students writing essays, cover letters, resumes, screenplays and presentations.
