South Campus
Self-Guided Tour
ArtCenter opened in 1930 under the creative direction and leadership of Edward A. “Tink” Adams, an advertising professional with a radical idea in education: to teach real-world skills to artists and designers and prepare them for leadership roles in advertising, publishing and industrial design. To achieve that, he would create a faculty of working professionals from those fields.

Our original campus was in a courtyard of buildings on West Seventh Street in Los Angeles, a site sufficient for ArtCenter’s then 12 teachers and eight students. By 1940, enrollment had grown to nearly 500 students representing 37 states and several foreign countries.
SOUTH CAMPUS

ArtCenter’s South Campus was established in 2004 to accommodate Arroyo Seco Parkway, the symbolic gateway to Pasadena, connecting Pasadena to downtown L.A. and the greater San Gabriel Valley.

ArtCenter’s South Campus features three architecturally significant structures including a historic supersonic wind tunnel, a former post office facility and a renovated office building.
STUDENT GALLERY
UNDERGRADUATE DEGREES

Advertising
Create smart, engaging ads by forging human connections with brands.

Entertainment Design
Entertainment designers bring stories to life by creating conceptual worlds, memorable animated characters and immersive gaming experiences.

Environmental Design
Design resonant spaces and spatial experiences that impact and inform the user's relationship to the built environment.

Film
Master visual and narrative film making through individualized and immersive instruction in cinematography directing, writing, and editing.

Fine Art
Refine and define a compelling creative vision to become a fine artist capable of transforming our way of engaging with the world.

Graphic Design
Conquer design for space, motion, print and interaction by infusing words and images with life and meaning.
Illustration

Combine drawing, painting and design to tell stories, convey ideas or create imagery for commercial applications and clients.

Product Design

Apply human-centered design to creating innovative consumer products, from the highly functional to the highly whimsical to the highly sustainable.

Interaction Design

Design innovative, useful and delightful digital interactions from mobile apps and websites to wearables, games and emerging technologies.

Transportation Design

Design and develop vehicles (including cars, trucks, motorcycles, boats and aircraft) and transportation systems of the future.

Photography and Imaging

Master the art of creating resonant photographic images for a world with an insatiable need to be informed and engaged by visual storytelling.
Discover the freedom, support and expertise to become any kind of artist you can imagine.

Design and define the future of our living environment rather than merely following trends.

Redefine the existing media landscape with visually innovative, narratively engaging personal filmmaking.

Create change through the practice of graphic design by following a simple path in pursuit of great ideas.

Develop design solutions to today’s most complex and unstructured problems in business, enterprise and social innovation.

Apply new ideas from design, science, technology and culture to impact social issues in a global context.

Develop compelling, sustainable and viable transportation and mobility solutions for an inspired future.
A former post office sorting facility, the structure was converted in 2014 to provide dedicated space to our Fine Art and Illustration students, with added classrooms, individual studio spaces, shared exhibition spaces and a sculpture yard. Upon renovation, the building received Silver LEED certification.
870 Building Locations

**Level 1**
- Fine Art Department
- Hutto-Patterson Exhibition Hall
- Foundation Arts and Media Studio

- Computer Labs
- Media Experimentation
- Surface Design Research Lab

**888 Building**
- The Shops at South Campus
- RISK Mural

888 South Campus Shop

Parking
Fine Art Department
Fine Art students follow personal directions in their work with the aim of becoming exhibiting artists, while engaging across a spectrum of disciplines.

Hutto-Patterson Exhibition Hall
Dramatic, light-bathed gallery showcasing work created by students, faculty and visiting artists.

Foundation Arts and Media Studio
Students learn to think critically about their practices and how to craft work that conveys complex concepts that make us question, think, and feel.

Fine Art Studios
A suite of artist ateliers available to students seeking an individual space to work on creative projects and collaborate with colleagues.

Printmaking Studio
Under the guidance of a master printmaker, students explore the processes of lithography, intaglio, as well as various photographic printmaking techniques.

Fine Art Sound Lab
Fine Art students use the lab to explore the use of sound in their art practice and making.

SOUTH CAMPUS
950 S. RAYMOND AVENUE

An award-winning, LEED-certified renovated supersonic wind tunnel, houses the College’s Public Programs, Graduate Art and Graduate Media Design Practices, as well the Hoffmitz Milken Center for Typography (HMCT), Archetype Press, Immersion Lab, and most recently a state-of-the-art production facility established to support online learning.
CAMPUS RESOURCES & FACILITIES
950 S. RAYMOND AVENUE

950 Building Locations

Level 1
- Graduate Art Complex
- Wind Tunnel
- Hoffmitz Milken Center for Typography (HMCT)
- Archetype Press
- HMCT Gallery
- ArtCenter Extension (ACX)

Level 2
- Immersion Lab
- Micro Market
- Copy Center
- Equipment Center
- ArtCenter Archives

Level B3 (Basement)
- Bruce Heavin Media Production Studio
CAMPUS RESOURCES & FACILITIES
950 S. RAYMOND AVENUE

Graduate Art Complex
A creative facility containing studio space, a fabrication shop, several gallery spaces, computing and video production labs for students in the Graduate Art Department.

Wind Tunnel
Expansive exhibition and event space featuring studio spaces for Graduate Media Design Practices.

Hoffmitz Milken Center for Typography (HMCT)
The HMCT serves as an educational forum, design laboratory, research center and archive, as well as a meeting place for learning, and the exchange of ideas and skills related to typography.

Archetype Press
ArtCenter’s Archetype Press is California’s largest letterpress printing facility, providing students with a full-immersion typographic education, focusing on the cultural heritage of typography, print culture and the book arts.

HMTC Gallery
The HMCT Gallery honors the past while also anticipating the future of typography in print, digital and emerging media.

ArtCenter Extension (ACX)
Offering non-degree public programs, ACX features a varied and evolving curriculum taught by a dedicated faculty of practicing artists and designers, with additional course offerings available for teens, kids and teachers.

Peter and Merle Mullin Gallery

The 6,300 square foot gallery space is programmed to function alternately as a fine art gallery and an automotive gallery.

Student Store at South Campus

An authorized Apple campus store, ArtCenter’s Student Store sells textbooks, art supplies and apparel.

Educational Partnerships Studio

Educational Partnerships conducts curricular offerings which simulate professional studio environments and expose students to a broad spectrum of industries, global cultures and professional practices.

Humanities & Sciences

Humanities and Sciences provide academic subjects ranging from the liberal arts to the sciences, while Integrated Studies incorporates fully formed interdisciplinary projects.

Designmatters Studio

Designmatters is an educational department providing programming for students interested in coupling a desire for creative excellence with a passion for generating innovative solutions to social challenges and change.

Sewing Lab

The Sewing Lab provides students across majors a unique opportunity to develop visual, creative, technical and analytical skills.
Bruce Heavin & Lynda Weinman Alumni Center

A dedicated space for alumni related programming, including a conference room, lounge and interactive gallery experience.

Advertising Department

Students learn to create smart, engaging ads that promote products and ideas by generating human connections with brands.

Graduate Graphic Design Studios

Graduate GX students extend the boundaries of communication design by influencing companies, communities and society at large as the next global generation of professional designers.

Illustration Department

Illustration students study drawing, painting, and design to tell stories, convey ideas, and create imagery with specific design objectives.

Graphic Design Department

Graphic Design students learn to communicate for clients using words, typography and images to convey concepts across multiple design media.

Model Office and Prop Room

The Model Office and Prop Room helps bring the images and ideas of our visual artists to life.
ArtCenter Admissions offers prospective students remote one-on-one appointments conducted via phone or Skype.

Your creative future is waiting for you at ArtCenter. Admissions advisors are eager to guide you through each step of the application process, from portfolio review to finding a program that’s right for you.

Schedule your appointment today by calling the Admissions Office at 626-396-2373 or email admissions@artcenter.edu
